Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Hebert Ruschmann on 12/1/04.

The application has been amended as follows:

In independent claim 30, line 10, after "a recess engaging member", --
formed as one continuous piece with said leaf, said recess engaging member—has
been inserted.

Claim 55 has been cancelled.

2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach nor fairly suggest a hinge frame arrangement in the entire claimed combination, including at least said first leaf having a recess engaging member formed as one continuous piece with said leaf, said recess

engaging member extending from said outer surface and captively received in a recess (having a width increasing with depth into a first frame member) by virtue of said recess engaging member having a width which increase with depth in said recess, such that said recess engaging member has a width which is greater than said width of said recess opening, such that pivoting of said recess engaging member is permitted, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark A. Williams whose telephone number is (703) 305-3438. The examiner can normally be reached on Monday through Friday.
